15th January 2010

Dear Parent/ Carer,

On Thursday 4th February the timetable for all Year 10 students will be suspended and they will be taking part in an 'Enterprise of the Olympic Games Day'. This is part of the student's Enterprise entitlement and aims to provide an engaging and exciting way of teaching students enterprise skills that will be invaluable in the world of work.

The day will include practical activities as well as workshops in Business Planning, Creative Thinking, Finance, Team Work and Target Setting that encourage students to think about the impact the 2012 Olympics will have on them and the business and enterprise opportunities that the Olympic Games provides. It will be led by the company 'By Design' who are a national company specialising in providing whole school enterprise events.

All students will be provided with a timetable prior to the event and will be briefed about the day during their tutor time during the next few weeks. They will be working in teaching groups throughout the day. Students will have a break and lunchtime as for a normal school day. All students are expected to wear either full school uniform or their school PE kit and will need to bring a pen for the day.

Should you require any further information about the day please contact me at school, telephone 524651.

We are very much looking forward to seeing the students working together to extend their skills in a very different environment and hope they learn from it and most importantly, enjoy it.

Yours sincerely,

Mrs N Thompson
(Deputy Head Teacher)

Opportunities for all to enjoy and succeed
